Cradle of
Science
Education

Laying the Foundation of our Technical and Economical Future

- Around 12,000 of the users at our facilities are graduate students and postdoctoral research associates.
- 80% of our facilities are the location of choice for research experience for undergraduate and science teachers (REU/RET) programs.
- 80% of our facilities offer summer programs for local high school teachers and students.

Educating the Public

- More than 80% of our facilities have on-site science museums visited by more than 100,000 teachers and children each year.
- Many facilities offer yearly science fairs in collaboration with local schools.
- All facilities offer laboratory tours, open houses, and science shows year-round.
